

CGT3615 Oval Tomato

Features

Plant

Plant with high vigor and a very open structure. Productive variety suitable for both short and long cycles, with a quick onset of production.

Fruit

Oval fruit with an intense red colour, high brightness and uniformity during the whole cultivation cycle. It stands out for its excellent quality, long post-harvest life and high Brix degrees.

Resistances

HR Fol: 0-2, Va, Vd, ToMV, SI

IR TYLCV, TSWV, ToBRFV
